

**PRODUCT NAME****APKHT TWO BLACK TROUSER****KEY FEATURES**

- Double layer fabric to thigh for durability
- Stretch yoke & gusset
- Cordura holster pockets, knee pads & hems
- Elasticated waist

ITEM DESCRIPTION

The APKHT TWO is an upgrade on the old reliable APKHT style. With the same great qualities, the trouser has just been modernised for additional comfort. The fabric has moved to a 64% polyester/33% cotton/3% elastane and we have also included a stretch yoke and gusset. This is to give you greater ease of movement for when you are on site all day. We still have our double layer material on the thigh, making sure we are continuing the durability of the garment. In addition we have an elasticated waist to allow the trouser to move with you. The fit has been slimmed down very slightly taking you to a regular fit. Cordura is still a feature on the holster and knee pad pockets, as well as the hems.
